

Chapter 1. Our Collective Story: Human Commonalities

Chapter 3. H. Suggested Readings

Barkow, Jerome H., Cosmides, Leda, Tooby, John. *The Adapted Mind: Evolutionary Psychology and the Generation of Culture*. New York: Oxford University Press, 1992.

Although over 20 years old now, this was a ground-breaking book at the time. It is still a controversial book but a fascinating perspective into how human behaviors have evolved.

Leda Cosmides & John Tooby, *Evolutionary Psychology: A Primer*.
